

COMMISSIONED SERVICE  
—AIRCRAFT**The "Argus"**

Perhaps more than any other aircraft in the RCAF, the "Argus" typifies the importance of teamwork demanded of RCAF aircrews. Carrying a crew of fifteen, the anti-submarine, maritime patrol aircraft "Argus" is capable of patrols in excess of 24 hours and with its advanced electronic gear the "Argus" is a most potent anti-submarine hunter.
